Additional Backup Information

The contract will provide the Austin Police Department (APD) with a qualified and experienced consultant to develop a long-term strategic community policing plan. This plan will be based on national best practices, quantifiable data from similar sized law enforcement agencies, and a community stakeholder engagement process.

During the Fiscal Year 2015-2016 budget adoption process, Council approved funding for a consultant to develop a long-term strategic community policing plan, which would include a review of APD's goal of increasing officer availability for community engagement and the impact of that goal on staffing needs. Through extensive stakeholder input and a balanced analysis based on facts and qualitative factors, the consultant will assess Austin's community policing and community engagement efforts and recommend strategies to improve interactions with the community. Because the plan will inform APD's Fiscal Year 2016-2017 budget, the project will be completed and the final comprehensive plan presented within a three-month timeframe.

An evaluation team with expertise in this area evaluated the responses and scored Matrix Consulting Group as the most qualified to provide these services based on demonstrated applicable experience, including personnel qualifications, work plan and approach, and proposed schedule.

This request allows for the development of a contract with a qualified offeror that Council selects. If the City is unsuccessful in negotiating a satisfactory contract with the selected offeror, negotiations will cease with that provider. Staff will return to Council so Council may select another qualified offeror and authorize contract negotiations with this provider.

Delay in approving or failure to approve this contract will result in APD not having this information available for Council during the budget process.

A complete solicitation package is on file with the City's Purchasing Office and is available on the City's Financial Services Austin Finance Online website. Link: [Solicitation Documents](#).
